Exclusion of Kanakan Palya from the Bangalore City Municipal limits

Letter No 210 dated the 27th February 1902 from the President of the Municipal Commissioner, Bangalore City

———•———

In October last, the President of the Municipal Commission, Bangalore City, solicited sanction to the detachment of the hamlet called Kanakan palya from the Municipality & restoration of it to the Taluk of Bangalore, the grounds for the suggestion being that the people of the village cannot have all the advantages of a Municipality,

No 112 dated 1902 7/3/02

It has been reported that the village being far from the City proper there is no hope of water-supply being extended to it, nor is it feasible to undertake to repair the present cart track to the village on account of the prohibitive cost. The municipal revenue realized from it is stated to be only Rs 85- made up as follows:—

| | Rs - as - ps |
|---|---|
| House tax | = 37 - 4 - 0 |
| Lighting tax | = 7 - 9 - 4 |
| Cart | = 40 - 0 - 0 |
| Rs | 85 - 7 - 4 |

In such circumstances, the President submits his proposal to Government

2 In reply to an enquiry from this office whether the Board were prepared to forego the amount of ~~Kandayam~~ revenue on Kandayam land

in the village and under which circumstances the village now includes within municipal limits the President state that it is a small hamlet attached to the 'Adi' village of Uppaveliahalli, that the total revenue of both the 'Adi' and 'Pakkali' villages for the year Sobhakrithu (~~Corresponding to the year 1843-44~~ current year) was Rs 281-12-9 and that the Palya was one of those villages the revenue of which was assigned to the municipality by Government in 1876 to enable the former to open certain dispensaries in the City. The Board have also ~~[illegible]~~ expressed their willingness to forego the revenue on Kandayam Candy in the said Palya in the event of its being re-assessed

to the Bangalore Taluk

3 As the people of the village is reported to have complained that though they pay taxes to the municipality their village is not provided with good roads and water supply and as the amount to be dealt by the Board is comparatively small here only Rs 85/-, it is a point for consideration whether the proposal may not be sanctioned.

4 Draft sanction in the proposal is submitted for approval or other orders.

On the morning of the 18th instant I attended the Pallyam Courtcary with the President & Vice President and [illegible] in the hamlet attached to the Mali Village of Uthandalli which is included within municipal limits. There are between 30 & 40 houses in the hamlet (I derived from house rent-rates) in which Rs 80 is to be the expenditure. (Many of the houses Rs 24 (cost of lighting 2 lamps) = 84 - The hamlet has certain specified lands situated in the Revenue accounts under Mali Village of the Uthandalli which limit - The Cop -

of usual pressure from the source will be very small - The exact amount has yet to be ascertained The Nellyn has no pressure made and connecting it with the city now has a water supply. The distance between it and the proposed Reservoir on Penmaenmawr Head near under Conway Junction is more than Quarter of a mile - The people ask for a Grand & for private facilities in the alternative for the exclusion of the Penmaenmawr from Usual benefit - This is a very reasonable request - The cost of the works asked for are "nearly" proportionate to the usual means - The further extension of the city in the direction of the Nellyn is a very remote possibility - It does not deserve serious consideration - It is true

From

THE PRESIDENT,

To

The Secretary to the Government

Sir,

I have the honor to submit herewith for consideration and early orders of Government copy of Vice-Presidents memo regarding the desirability of the village of Kankanapalya being separated from the city Municipality and rejoined to the Bangalore Taluk This small hamlet stands at a distance quite detached from the city proper and separated therefrom by the Lal bagh tank There is no good road connecting the village with the city and the construction

one would cost a large amount. — Water-pipes have not been laid in it and taking a man into that village is not convenient and entails a large expenditure. In spite of all these drawbacks, all items of municipal tax are levied from its inhabitants solely in virtue of the village being included within the Municipal limits. The villagers have been repeatedly complaining of the imposition of municipal taxes, while they do not enjoy any of the benefits for which they pay such taxes. The total amount of taxes realized from the village is only nominal, i.e. Rs 85/- per annum, while the outlay required to provide the villagers with

with water and all other conveniences is out of all proportion to the income. The Municipality is not also in a condition to carry out these improvements in the village independent of the revenue derived therefrom and levy of taxes from those people without affording them the necessary comforts which they expect in return from the Municipality seems therefore to be quite unfair.

Under these circumstances I request that Government may be kindly moved to sanction the detachment of the Hamlet in question from the Municipality and restoration of it to the Taluk of Bangalore

I have the honor to be

Memo

The village of Kankanpalya is within Municipal limits The people of the village complain that though they pay taxes to the Municipality they have no road to their village nor water land on to the place I inspected this village on the morning of the 11th Instant and found that the old cart-track was under water for about 100 yards on account of recent rains To make a proper road would cost a very large amount There is also no hope of water-supply being extended to this village on account of its being far from the City proper

The Board in their meeting dated 27 March 1902 resolved to (illegible)

this village from water-tax as water cannot be supplied to it

The Municipal revenue realized from this village is only about Rs 85/- per annum as noted in the margin*

There seems to be no necessity that this village should remain within municipal limits, as the people of the place cannot have all the advantages of a Municipality

So, I think that this village may be excluded from the Municipal limits and added on to the Taluk.

Order thereon No 22 dt 7 04

The residents of the village of Kanakanpalya having complained against the levy of Municipal taxes without affording them any relief in the shape of good road and water supply etc , the President proposes to exclude the village from the Municipal limits of the City on the ground that the annual income, which is nominal, viz Rs 85, hardly covers the present expenditure and that it is impossible to carry out the improvements as prayed for by the villagers.

2. Government observe that kanakanpalya is a small hamlet attached to the Asli village of Upparhalli, which included within Municipal limits and contains between 30 and 40 houses. The Municipal income, as stated by the President, only nominal, being Rs 85 per annum and the hamlet has certain assessed lands distributed

in

in the Revenue Accounts over three Asli villages of which Upparhalli alone is within Municipal limits The loss of revenue from this source to the Municipality is very small and the Board are prepared to forego the same . The village has no properly made road connecting it with the city nor has it been provided with ~~a~~ water ~~supply~~ by the Municipality . The distance also is more than a quarter of a mile from the Basavangudi terminal road and the people ~~of the village~~ ask for a road and for water facilities , or ~~in the alternative~~ the exclusion of the hamlet from Municipal limits

5. Under these circumstances and having regard to the fact that the cost of the works asked for is wholly disproportionate to the Municipal income and that the extension of the City in the direction of this ~~village or~~ Palya is a very remote possibility, the Government are pleased to sanction the exclusion of the hamlet from the City Municipal limits with effect from 1st July 1904 ~~on the understanding that~~ The Municipal taxes payable up to the end of 1903-04 ~~are paid up in full.~~ should be levied & credited to the City Municipality
